### CADET SPECIAL SERVICE SHIELDS

Direction

In an attempt to better facilitate Divisions in the presentation of Cadet Special Service Shields, the following procedure will commence immediately.

1. Each division with cadets will be given an initial set of Special Service Shields.
2. Upon a cadet completing the hour requirements for a Special Service Shield, the division will issue the appropriate Service Shield.
3. The division will send the cadet's Service Shield Application (available from Provincial Headquarters - sample attached) to the Records Department at Provincial Headquarters.
4. Provincial Headquarters will replenish each Service Shield issued.
5. Provincial Headquarters will continue to record the issuing of Service Shields on the cadet's personnel records.

It is hoped that this procedure will permit divisions to present Service Shields in a timely manner.
